## VILLAGE OF SLOCAN

The Village of Slocan is a small, peaceful community at the south end of Slocan lake where the Slocan River begins. It was not always so peaceful. During the 1890's, it was a bustling, boisterous boomtown filled with ore, and miners in pursuit of the ever-elusive 'mother lode'.

Now, we offer tranquil sights of the Slocan Lake and the Valhalla Mountain Range. Our Village provides shopping, a gas station, auto repair, accommodations, post office, and a restaurant.

Slocan is the launching point for the Evans Lake trail into the Valhalla Provincial Park, and the start of the Rail Trail at the south end of Slocan Lake, at the mouth of the Slocan River.

Hike, swim, walk, bike, boat, or watch the clouds move across our narrow valley. Come and stay at **Springer Creek RV Park & Campground** and experience the serene beauty of the Slocan Valley mountains and lake. Be busy each day or relax and take the time to reflect upon the existence of huckleberries.
