CERTIFICATION OF HEATING SYSTEMS

OWNER'S NAME: _____

LOCATION OF WORK: _____

BUILDING PERMIT NO. _____

The design and installation of the heating system at the above noted address is in compliance with Section 9.33 of the BC Building Code.

Specifically:

- The design, construction and installation conform to good engineering practice.
- All control equipment, component parts and systems are installed to provide easy access for inspection, maintenance and cleaning.
- All systems and respective thermostats are operational and functioning in good working order.
- The system is capable of maintaining an indoor air temperature of 22oC at the outside winter design temperatures as described in the BC Building Code.

Certified this _____ day of _____ 20____
